Welcome Message

Welcome to Nursery!

The children have settled into nursery really well. They are learning to share and build positive relationships with their peers. We always have good listening ears; good looking eyes and we always have kind hands and kind feet when playing with our friends. Bag of spare clothes – each child should have a bag of spare clothes in nursery. This can be brought to nursery everyday. This should include socks, underwear, trousers/skirt and t shirt. The children should have a waterproof coat and sensible footwear as we play outside in all weathers.

What to pack for nursery?

Each day the children are offered a healthy snack in the morning and a healthy snack in the afternoon. If your child attends nursery for the morning session we ask for a contribution of a £1 a week. If your child attends nursery all day we ask for a contribution of £2 a week. This is payable weekly or termly.
