

Our Spring Learning

During the Spring term, we had our Spirituality Day and explored new ways of praying.

Thank you to everyone who joined us for our family board games afternoon.

Year 2's Summer Curriculum

Numeracy

This term we will be focusing on the four operations of number (+, -, x, ÷)

We will also be looking at other mathematical areas including:

- Naming and describing 2d & 3d shapes
- Measuring capacity and weight using suitable equipment.
- Position and directional language including North, South, East, West as well as right and left.
- Addition and Subtraction of 2-digit numbers and using formal methods.

Literacy

This term we will be exploring different genres including Fiction and Non-Fiction and the purposes for writing.

Reading

- Decoding words automatically and fluently
- Make predictions on the basis of what has been read
- Draw simple inferences from events and characters' actions
- Retrieve information from a text

Writing

We will be reading and writing our own Traditional Tales and Fantasy Stories. Our non fiction unit will focus on instructional writing based on How To Turn a Class Hamster into a Dinosaur.
