

Attendance Traffic Lights

What does my child's attendance % mean?

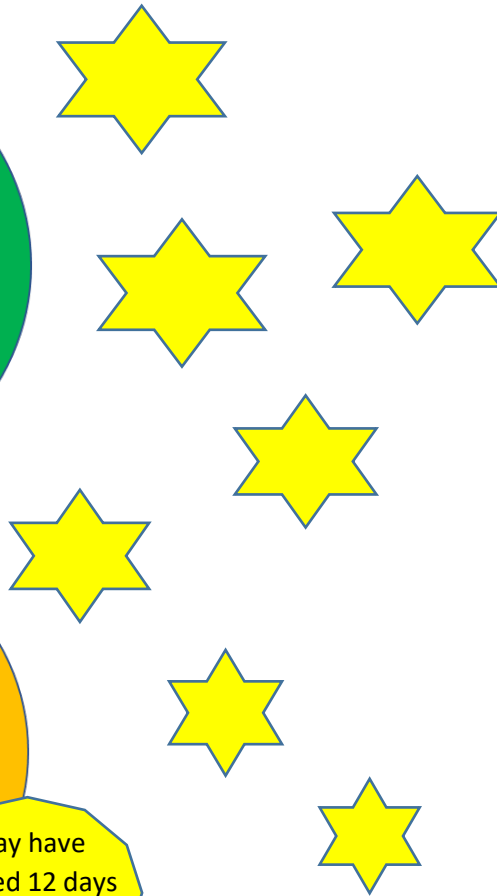

100% - Excellent attendance

96% - Our school's target is 96%.

96% or above is very good attendance at school

KEEP this UP !!!

95% - nearly at our school's target.

94% to 91% - we are concerned - Improvement is needed.

Parents/Carers will be informed and may be invited into school to look at ways to improve your child's attendance at school.

May have missed 12 days from school.

Over the coming weeks and then after each half term. You will receive a Traffic light text message, indicating where your child's attendance percentage stands

We need, wherever possible to achieve our school target of 96% or above.

Let's aim for the Green !!!!

ATTENDANCE = ATTAINMENT

90% or under - we are very concerned

90% or under may mean that your child has missed 20 days from their learning over the school year.

If attendance falls below 90%, you are a Persistent Absentee and you will be referred to the Education Welfare Service in order to improve attendance.
