

# Year 2

## Welcome to Year 2

Keep up to date with all that we have been doing by following our Y2 Twitter account [Y2\\_BBSM](#).

Our topic for this term is 'Frozen Planet'.

In Spring 1 we will be learning about the geography of the polar regions and how this affects the weather there. We will find out about the animals and people that live in and travel to the polar regions and how they are adapted to the weather. Our artwork will be inspired by photography of Aurora Borealis and we will produce paintings with landscape silhouettes.

In Spring 2 we will be learning about the Titanic and its maiden voyage. We will learn out what it was like on the Titanic and the disaster that occurred.
